

JUNIO, MARLON R.

Software Engineer / Junior backend developer

Work Experience

Senior Developer - New San Jose Builder Inc.

Feb 2025 - Present

- Engineered enterprise-grade facial recognition and deployed reusable automation scripts across ERP modules, strengthening authentication, hardening APIs, standardizing processes, and enforcing enterprise-wide security and compliance.
- Managed full lifecycle manual deployment of ERP platforms on IIS, overseeing custom domain integration, authentication hardening, and compliance with enterprise application security and operational best practices.

.NET Programmer - SLI Consulting Inc.

July 2024 - Jan 2025

- Engineered a high-performance web application from scratch, leveraging Razor Pages for dynamic UI and employing best practices in coding, testing, and deployment.
- Designed and developed Razor Pages applications with Bootstrap for responsive U.I, leveraging SQL Server and stored procedures to ensure secure, efficient, and maintainable database interactions in an Agile Scrum environment.

Software Engineer - Rising Tide Digital Inc.

Oct 2022 - June 2024

- Conducted code reviews and provided constructive feedback to team members, ensuring adherence to coding standards and best practices, Designed and developed RESTful APIs using JavaScript and VisualStudio improving data retrieval times by 30% and Utilized SQL and NoSQL databases (e.g., MySQL) to manage and query data effectively, supporting application scalability and performance.
- Implement committed project deliverables by writing code, testing and debugging, and deploying releases Communicate project implementation artifacts including timelines/estimates, design decisions, workflow and processes
- Provide support and respond to issues, enhancements, and other project-related requests via collaborative tools.

Analyst Programmer - InSiteMy International Inc.

June 2020 - Oct 2022

- Designing user interactions on the web application itself Creating servers and databases for the back end of the software
- Ensuring cross-platform compatibility and optimization Testing and maintaining the responsive design of applications and meeting both technical and consumer needs.

Work Exposure

Senior Programmer - NSJBI Inc.

Feb 2025 - Present

- .NET CORE / C# / ASP.Net Razor Page
- Rest API / Web API / MudBlazor/ Bootstrap/Python
- Postman/ Swagger
- SSM Studio 2020 / IIS

Mid Programmer - SLI Co.

July 2024 - Jan 2025

- .NET CORE / C# / ASP.Net Razor Page
- Rest API / Web API / Node.js / React / Bootstrap
- Postman/ Swagger
- SSM Studio 2020 / IIS

Software Engineer - Rising Tide Digital Inc.

Oct 2022 - June 2024

- .NET CORE / C# / ASP.Net
- Rest API / Web API / Node.js / React / Bootstrap
- Postman/ Swagger
- SSM Studio 2020 / IIS

InSiteMy Internatio Inc.

June 2020 to Oct 2022

- ASP.NET, ASP Classic, MVC
- SQL Server Management Studio 2018 / IIS
- C# , JavaScript , JQuery
- Visual Basic .Net / IIS

EDUCATION

- St. Matthew College (2014 – 2018) Graduated -BS in Computer Science (BSCS)

Skills

Computer-savvy/Tech-Team Player/Problem solving-capability/Pay attention to details

Computer Programming

- C# .NET / Core, ASP, MVC, Razor,Bootstrap Blazor page
- C# , JavaScript , Bootstrap, Node.js
- Web Service, Window Service
- SSMS 2018-2020 / MySql WB 8
- Web Assembly
- Web API / Rest API
- SCRUM
